**CLOSING & FUNDING RESUMED**

FCM Delegated Correspondent Lending has made the following announcement on October 14, 2016:

FCM will be resuming Closing and Funding for properties located in disaster areas post Hurricane Matthew. Currently there are 24 FEMA declared disaster areas approved for individual assistance in the state of North Carolina, FCM expects in the coming days more counties in the impacted states will be added. Until those designations are made the 24 designated counties in North Carolina will require a post disaster inspection and requirements for all other properties potentially impacted will require FCM underwriting management review and inspection requirements will be made at their discretion.

FCM will update the disaster list and publish bulletin advisements as FEMA declares assistance to other areas impacted.
